<p><a href="http://www.helveticafilm.com/" title="Helvetica | A Documentary Film by Gary Hustwit">'Helvetica'</a> is a feature-length independent film about typography,
graphic design and global visual culture. It looks at the proliferation of one typeface (which is celebrating its 50th birthday this year) as part of a larger conversation
about the way type affects our lives. 'Helvetica' is screening at film festivals, museums, design conferences and cinemas worldwide.</p>
